# STARTING YOUR SOUL PURPOSE BUSINESS

Our vision to redefine empowerment makes your success our highest priority. The path for your journey of prosperity begins with our Basic Kit. It includes everything you need from an administrative standpoint to establish yourself as a Lifestyle Entrepreneur. You should pair the Basic Kit with one of our Success Packs (below)...each containing a special selection of products so that you can successfully introduce the products and business opportunity to your circle of friends, family and associates. It is this process of "sharing" that will result in customers and customer sales, Lifestyle Party bookings and new business partners for you!

As soon as you join, your sponsor will walk you through The Perfect 7 - Quick Start Training which outlines specific steps you should take, even as you wait for your Kit and products to arrive.
